

# Mobile Check Capture

**Cachet Financial Solutions provides check cashers and prepaid card issuers with a mobile application that allows their customers to load their prepaid card directly from a smartphone.**

Cachet Financial Solutions is a leading provider of mobile check capture technologies for financial service organizations and their customers. We have taken the worry out of executing a state-of-the-art mobile solution within the check cashing and general purpose reloadable industries. By simplifying the delivery and implementation of mobile check capture, we have changed the way financial service providers serve the needs of their customers.

The key to delivering a quality mobile check capture solution is to make the user experience as easy and as friendly as possible. Cachet has developed a unique platform that simplifies the execution of check capture for your customers while delivering a safe, robust technology that meets your high security standards. Our solution is Check 21 compliant and it integrates with existing systems you might already have in place. We deliver industry-standard posting files every day to ensure the smooth flow of funds between you and your clearing institutions. In addition, our unique CheckReview solution provides high-resolution images of each check that is submitted for approval, giving you unprecedented access to each digital image before it is loaded.

## Mobile Check Capture

Cachet's Mobile Check Capture allows your customers to submit checks using their camera-equipped SmartPhones and tablets. With Mobile Check Capture, users can scan checks from anywhere at any time, allowing for quicker access to funds on your reloadable prepaid cards. Mobile Check Capture is easy to use. Users simply click the branded application on their SmartPhones or tablets, endorse the check and snap photos of the front and back of each check that is being submitted.

## Applications Tailored for Your Industry

More importantly, our technology allows us to develop and execute a whole host of solutions for a variety of financial organizations – from check cashing companies to reloadable prepaid card issuers and processors. We work with clients to ensure specific business requirements and security and compliance features are implemented to their satisfaction. We brand each application in order to further enhance your brand awareness and loyalty with your customers.
