

Mobile check capture™

You know your customers are busy; why not offer them the freedom to load checks on their own schedules?

Through a custom-branded application on a smartphone or tablet*, customers simply snap pictures of their endorsed checks and submit them for processing. *Mobile Check Capture™* makes life easy for your customers with quicker access to funds and the ease of submitting checks on their own schedule.

All transactions are transmitted with multiple layers of security and, if necessary, can be traced back to registered smartphones, marked with time and location, in order to combat fraud.

Real-Time Image Verification

In addition to making life easier for your customers, we do our best to make RDC easy for you. Our patent-pending *CheckReview™* solution submits high-resolution images of each check for approval, giving you unprecedented access to each digital image before it is loaded. Our proprietary technology helps you better identify check fraud with real-time review and control over check approval with features customized to your needs.

The Cachet Advantage

Our unique technology allows us to offer solutions for a variety of financial organizations, from check cashing companies to reloadable prepaid card issuers and processors.

We'll work with you to establish business strategies and goals and ensure proper implementation of security and compliance features.

Fast: Load checks in just three steps: enter amount, photograph front and back, and submit.

Convenient: Customers can load checks from their phones anywhere, anytime.

Secure: Two-factor login authentication, data encryption on phone and en route to safe server.

Accurate: Captures and optimizes images and automatically extracts payment data.

Check 21 Compliant: Ensures images pass only after satisfying rigorous quality standards.

Individual: Each application is branded to you, with language specifically tailored to the prepaid market

Marketing & Sales Support: To ensure success, we will work with you to develop marketing and selling strategies to most effectively target your customers.

Get Started Today!

We know there is more to a successful program than a great product, and at Cachet we pride ourselves on offering unique solutions to fit our clients' needs. Our solutions always include strategic marketing and training plans and a level of end-user service unmatched by other RDC providers.

“As the gold standard in Mobile RDC, Mitek partnered early on with Cachet Financial Solutions because they have a broad vision and impressive ability to quickly adapt to the changing needs of their customers and the industry.”

James DeBello; CEO & CFO,
Mitek

Who We Are

Cachet Financial Solutions is a leading provider of mobile check capture technologies for financial service organizations and their customers. We have taken the worry out of executing a state-of-the-art mobile solution within the check cashing and general purpose reloadable industries. By simplifying the delivery and implementation of mobile check capture, we have changed the way financial service providers serve the needs of their customers.

Cachet is different because we:

1. Deliver a premiere technology solution
2. Eliminate the need for significant capital and infrastructure investments
3. Work with you to ensure utilization through unique and strategic marketing support
4. Provide world-class customer service to you and your end users

**Applications are available for iPhone,® Android,® and BlackBerry® platforms.*
